Diocesan Council: Youth

I have been a lifelong Episcopalian and value the influence it has had in my life. I would like to be able to give back to the church that has held me up spiritually in tough times. Throughout High School and college I have held multiple leadership roles on local and state levels where I was able to have an impact on the communities I was involved in. As a member of both the St. Paul's and Canterbury communities, I will be able to bring insight from multiple viewpoints within the state, especially the youth. I value the Diocesan's consideration for this position and look forward to serving the church more.
